Tim de Bord is a Senior Consultant for Illinois Business Innovation Services.

Tim has over thirty years of experience in consulting and managing companies. He has held prior positions, which include: President/Owner, Senior Management Consultant, Corporate Vice-President, Director of Operations, and National Director.

His accomplishments include the following: several successful business start-ups, numerous company turnarounds as a Business Process Consultant, and management of the organizational development function for the twelfth largest CPA firm in the U.S.

Tim serves as a member of several Boards of Directors and Advisory Boards of successful Illinois manufacturers.

EDUCATION and CERTIFICATION

Tim holds BS and BA degrees in Business and Psychology. In addition, Tim holds two masters degrees: one in Industrial and Labor Relations and the other in National Security from the Industrial College of the Armed Forces.
